

External Course Schedule July 2020

Course Schedule

In our response to the COVID-19 pandemic, Aerospace University is making an effort to virtualize in-person courses, and postpone those that are unable to be offered as a fully virtual experience. This limits the amount of classes currently offered to government customers; those available can be found below. Due to the frequency of additions and updates, this schedule will be updated monthly. Government customers must first apply for a TLC account, and then can register for courses after receiving their online credentials.

Virtual

Launch Systems Introduction	July 1 – 2, 2020
Agile Development Methodology: Program Management Perspective, Part 1	July 7 – 8, 2020
