

External Course Schedule August 2020

Course Schedule

As we continue to respond to the COVID-19 pandemic, Aerospace University is making an effort to virtualize in-person courses, and postpone those that are unable to be offered as a fully virtual experience. This limits the amount of classes currently offered to government customers; those available can be found below. Due to the frequency of additions and updates, this schedule will be updated monthly. Government customers must first apply for a TLC account, and then can register for courses after receiving their online credentials.

Virtual

Architecture Process: Overview	Aug 3, 2020
Orbital Analysis and Visualization using SOAP, Part 3	Aug 3, 2020
Ground Systems Introduction	Aug 4, 2020
Global Positioning System (GPS) Introduction	Aug 6, 2020
Architecture Frameworks and Modeling: Using Models and Views	Aug 10, 2020
Space Systems Software Architecture	Aug 11 – 12, 2020
Enterprise Planning and Portfolio Analysis Overview	Aug 13, 2020
Agile Software Development Overview	Aug 31, 2020
