Course Schedule

As we continue to respond to the COVID-19 pandemic, Aerospace University is making an effort to virtualize in-person courses, and postpone those that are unable to be offered as a fully virtual experience. This limits the amount of classes currently offered to government customers; those available can be found below. Due to the frequency of additions and updates, this schedule will be updated monthly. Government customers must first apply for a TLC account, and then can register for courses after receiving their online credentials.

Please come back soon to check for more upcoming FY21 course offerings! We appreciate your continued support.

Virtual

Software Architecture Evaluation	Dec 1 – 2, 2020
SOAP RF Applications (Advanced)	Dec 3, 2020
Ground Systems Introduction	Dec 9, 2020
