Course Schedule

As we continue to work through the COVID-19 pandemic, Aerospace University is virtualizing in-person courses, and postponing any that are unable to be offered as a fully virtual experience. This limits the amount of classes currently offered to government customers; those available can be found below. Due to the frequency of additions and updates, this schedule will be updated quarterly. Government customers must first apply for a TLC account, and then can register for courses after receiving their online credentials.

Please come back soon to check for more upcoming FY21 course offerings! We appreciate your continued support.

Virtual

Course	Date
Cloud Computing Overview	Mar 2, 2021
Architecture Frameworks and Modeling: Using Models and Views, Part 1 & 2	Mar 3, 2021
Space Policy Overview	Mar 8, 2021
SOAP Geospatial Applications	Mar 11, 2021
Space Policy International Cooperation and Competition	Mar 16, 2021
Global Positioning System (GPS) Introduction	Mar 16, 2021
SOAP RF Applications (Advanced)	Mar 25, 2021
Space Cyber Series - Mitigating Cyber Threats for Space Systems using Defense in Depth	Mar 30, 2021
The Art & Science of Systems Architecting	Mar 30 – April 1, 2021
SOAP Introduction	Apr 6, 2021
Agile Development Methodology: Program Management Perspective, Part 1	Apr 7 – 8, 2021
Space Systems Overview	Apr 19 – 22, 2021
