SECTION II

OBJECTIVE

1. The objective of this Memorandum of Understanding (MOU) is to define and establish the general principles which apply to the initiation, conduct, and management of Technology Research and Development Project (TRDP) Project Arrangements (PA) established between the Participants.

2. Detailed provisions of each individual TRDP will be consistent with this MOU and be recorded in PAs to be attached to this MOU. Each PA will include, as a minimum, provisions concerning the objective, scope of work, management structure, financial arrangements, responsibilities of the Participants, and other provisions as required, in accordance with the attached Annex.
SECTION III

SCOPE OF WORK

1. The scope of work for this MOU will encompass collaboration on research, exploratory development, and advanced development whose maturation may lead to technologically superior conventional weapon systems. TRDPs may range from conceptual studies to technology demonstrators.

2. No technical information relating to system specific prototypes, manufacturing development or production may be transferred under this MOU or its implementing PAs. System specific prototypes, manufacturing development or production programs which may evolve from collaboration under one or more PAs to this MOU are outside the scope of this MOU and require conclusion of separate arrangements.
SECTION IV

MANAGEMENT

1. The Principal Deputy Assistant Secretary of Defense (International Programs) is designated US TRDP MOU Director (MD). The Chief Research and Development is designated Canadian TRDP MD. The TRDP MDs will be responsible for:

   a. implementing this TRDP MOU and exercising executive-level oversight;

   b. monitoring overall use and effectiveness of the TRDP MOU; and

   c. recommending amendments to this TRDP MOU.

2. The appropriate US Service Acquisition Executive or Defense Agency Director, or their designees, are designated US TRDP Executive Agent (US TRDP/EA) for those projects within their respective Military Service or Defense Agency. The Chief Research and Development, or his designated representative, is designated Canadian TRDP Executive Agent (Canadian TRDP/EA). The TRDP/EAs will be responsible for:

   a. concluding appropriate PAS in accordance with this MOU and national policies and procedures;

   b. establishing an appropriate management structure for each PA considering its scope and the requirement for a Steering Committee (SC);

   c. establishing Project Officers (POs), and, as appropriate, SC members; and

   d. providing administrative direction to POs, and, as appropriate, SCs.

3. The POs will have primary responsibilities for: effective implementation; efficient management and direction of their assigned PA including technical, cost, and schedule performance against requirements; and reporting status and activity of assigned PAs on an annual basis to the TRDP/EAs and the SC, as appropriate.
4. If an SC is established under a particular TRDP PA, it will be responsible for providing policy and management direction to the POs during PA execution and monitoring overall implementation, including technical, cost, and schedule performance against requirements.

5. The TRDP/EAs, SCs, and POs will meet as required on a regular basis, alternatively in the United States and Canada. The Chairman for each meeting will be the senior official of the host Participant.
SECTION V
FINANCIAL ARRANGEMENTS

1. Each Participant will bear its equitable share of the full financial and nonfinancial costs incurred in performing, managing, and administering its responsibilities and activities under this MOU and each TRDP PA, including overhead costs, administrative costs, and costs of claims, and each Participant will receive an equitable share of the results. The tasks to be performed by each Participant will be established in each TRDP PA. The assignment of tasks will represent an equitable sharing of the costs and work to be performed under the TRDP PA.

2. Detailed descriptions of the financial arrangements for a specific TRDP PA, including, at a minimum, each Participant's cost share, will be contained in that TRDP PA.

3. The following costs will be borne entirely by the Participant incurring the costs:

   a. Costs associated with any unique national requirements identified by a Participant under a PA.

   b. Any other costs outside the scope of this MOU and its PAS.

4. The financial responsibilities of the Participants will be subject to the availability of appropriated funds for such purposes. A Participant will promptly notify the other Participant if available funds are not adequate to fulfill its financial obligations under this MOU or a TRDP PA. If a Participant notifies the other Participant of its intention to terminate or reduce its funding for a TRDP PA, both Participants will immediately consult with a view toward continuation on a changed or reduced basis.
SECTION VI

CONTRACTUAL ARRANGEMENTS

1. When one Participant individually contracts to undertake a task under this MOU, it will be solely responsible for its own Contracting, and the other Participant will not be subject to any liability arising from such Contracts without its written consent.

2. If the Participants determine that Contracting is necessary to fulfill their obligations under a TRDP PA of this MOU, one Participant may contract for both Participants in accordance with its respective national laws, regulations and procedures. Such contractual arrangements will be detailed in that particular TRDP PA.

3. For all contracting activities performed by either Participant, the POs will, upon request, provide a copy of all Statements of Work for information prior to the issuance of solicitations.

4. Each Participant's Contracting Agency will negotiate to obtain the rights to use and disclose Project Information required by SECTION VIII (Disclosure and Use of Project Information). Each Participant's Contracting Agency will insert into its prospective contracts (and require its subcontractors to insert in subcontracts) suitable provisions to satisfy the requirements of this TRDP MOU, including SECTION VII (Loan of Materials, Supplies, and Equipment), SECTION VIII (Disclosure and Use of Project Information), SECTION IX (Controlled Information), SECTION XI (Security) and SECTION XII (Third Party Sales and Transfers) of this MOU. During the contracting process, each Participant's Contracting Officer will advise prospective Contractors of their obligation to notify the Contracting Agency immediately if they are subject to any license, agreement, or arrangement that will restrict that Participant's freedom to disclose information or permit its use. The Contracting Officer will also advise prospective Contractors to employ their best efforts not to enter into any new agreement or arrangement that will result in restrictions.

5. In the event a Participant's Contracting Agency is unable to secure adequate rights to use and disclose Project Information as
required by SECTION VIII (Disclosure and Use of Project Information), or is notified by contractors or potential contractors of any restrictions on the disclosure and use of information, that Participant's PO will notify the other Participant's PO of the restriction(s).

6. Each Participant's PO will promptly advise the other Participant's PO of any schedule delay or other performance problems of any contractor for which its Contracting Agency is responsible.
SECTION VII

LOAN OF MATERIALS, SUPPLIES, AND EQUIPMENT

1. For the purpose of carrying out a TRDP PA, each Participant may loan without charge to the other Participant such materials, supplies, and equipment identified in a TRDP PA as being necessary for the corresponding Project. While such loans will be based on the principle of reciprocity, exact item for item exchanges are not required.

2. Materials, supplies, and equipment loaned will be used by the receiving Participant only for the purposes set out in this TRDP MOU and applicable PAs. In addition, the receiving Participant will maintain materials, supplies, and equipment in good order, repair, and operable condition and to return the items in operable condition and in as good condition as received, normal wear and tear excepted, unless the providing Participant has agreed that the loaned materials, supplies or equipment may be expended or otherwise consumed in connection with the Project without reimbursement to the providing Participant.

3. Each TRDP PA will list the materials, supplies or equipment to be loaned, if any, and will provide detailed terms and conditions for the loan.

4. Materials, supplies, and equipment loaned under a TRDP PA will remain the property of the providing Participant and will be returned as set out in the TRDP PA. However, it is recognized that the success of a Project may require the expenditure or consumption of loaned materials, supplies, or equipment. In such cases, the TRDP PA will state that the materials, supplies or equipment are to be expended or consumed and not returned to the providing Participant.

5. Subject to paragraph 2 above, the Participants will not assert a claim against the other for injury, loss, or damage to themselves, their property, or third parties resulting from the use of the materials, supplies, or equipment loaned by the other Participant.

6. The Participants will make every effort to ensure that the materials, supplies, and equipment are furnished in a serviceable and usable condition according to its intended purpose. However,
the Participants make no warranty or guarantee of fitness of the equipment for a particular purpose or use, and make no commitment to alter, improve, or adapt the material, supplies, and equipment or any part thereof.

7. Project Equipment provided under a PA by either Participant will remain the property of the providing Participant.
SECTION VIII

The Participants will, in accordance with their national laws and practices, give their authorization and consent for all use and manufacture in the course of work performed under the TRDP PA of any invention covered by a patent issued by their respective countries. Each Participant is responsible for handling all patent infringement claims made in its territory and to inform the other Participant of such claims and to consult with the other Participant during the handling and prior to any settlement of such claims.

   b. Access to such information will be limited to personnel whose access is necessary for the permitted use under subparagraph (a) above, and subject to the provisions of SECTION XII (Third Party Sales and Transfers).

   c. Each Participant will take all lawful steps, which may include national classification, available to it to keep such Controlled Information free from further disclosure (including requests under any legislative provisions), except as provided in sub-paragraph (b) above, unless the originating Participant consents to such disclosure. In the event of unauthorized disclosure, or if it becomes probable that such information may have to be disclosed to a Third Party or a judicial body under any legislative provision, immediate notification will be given to the originating Participant.

2. To assist in providing the appropriate controls, the Participants will mark Controlled Unclassified Information provided to the other Participant with a legend indicating the country of origin, the conditions of release and the fact that it relates to this MOU and that it is supplied "In Confidence" or and equivalent marking.

Classified Information and classified Project Equipment will bear the level of classification, denote the country of origin, the conditions of release, and the fact that the information relates to this MOU or one of its PAs.

3. Each Participant will take all lawful steps available to it to ensure that Classified Information provided or generated pursuant to this MOU is protected from further disclosure unless the other Participant consents to such disclosure. Accordingly, each Participant will ensure that:

action taken to preclude recurrences.

5. When a TRDP PA contains provisions for the exchange of
Classified Information, the POs will jointly prepare a Project
Security Instruction and a Classification Guide for the TRDP PA.
The Project Security Instruction and the Classification Guide
will describe the methods by which Project Information and
Project Equipment will be classified, marked, used, transmitted,
and safeguarded. The Instruction and Guide will be developed by
the POs within three months after a TRDP PA enters into effect.
They will be reviewed and forwarded to the appropriate DSAs, and
will be applicable to all government and Contractor personnel
participating in the TRDP PA. The Classification Guide will be
subject to regular review and revision with the aim of
downgrading the classification whenever this is appropriate. The
Project Security Instruction and Classification Guide will be
approved by the appropriate DSA prior to the transfer of any
classified or Controlled Unclassified Information.

6. Contractors, prospective contractors, or subcontractors
which are determined by DSAs to be under financial,
administrative, policy or management control of nationals or
entities of a Third Party may participate in a contract or
subcontract requiring access to Classified Information provided
or generated pursuant to this MOU only when enforceable measures
are in effect to ensure that nationals or other entities of a
Third Party will not have access to Classified Information. If
enforceable measures are not in effect to preclude access by
nationals or other entities of a Third Party, the other
Participant will be consulted for approval prior to permitting
such access.

7. For any facility wherein Classified Information or
classified Project Equipment is to be used, the responsible
Participant or contractor will approve the appointment of a

8. Each Participant will ensure that access to the Classified Information is limited to those persons who possess requisite security clearances and have a specific need for access to the information in order to participate in the TRDP PA.

9. Classified Information or classified Project Equipment provided or generated pursuant to this MOU may be classified as high as SECRET. The existence of this MOU is UNCLASSIFIED and its contents are UNCLASSIFIED. The classification of a specific TRDP PA and its contents will be stated in that PA.
SECTION XII

THIRD PARTY SALES AND TRANSFERS

1. a. Each Participant will retain the right to sell, transfer title to, disclose, or transfer possession of Project Foreground Information which:

   (1) is generated solely by either that Participant or that Participant's Contractors in the performance of that Participant's work allocation under Section III (Scope of Work); and

   (2) does not include any Project Background Information of the other Participant or its contractors.

b. In the event questions arise whether the Project Foreground Information that a Participant intends to sell, transfer title to, disclose, or transfer to a Third Party is within the scope of 1.a. above, the matter will be brought to the immediate attention of the other Participant. The Participants will resolve the matter prior to any sale or other transfer of such Project Foreground Information to a Third Party.

2. The Participants will not sell, transfer title to, disclose, or transfer possession of Project Foreground Information generated by the other Participant, or the other Participant's Contractors to any Third Party without the prior written consent of the other Participant. 2. Each Participant will use its best efforts to ensure that customs duties, import and export taxes, and similar charges are administered in a manner favorable to the efficient and economical conduct of the work. If any such duties, taxes, or similar charges are levied, the Participant in whose country they are levied will endeavor to bear such costs. Any such costs will not be considered to fall under either Participant's shared costs.

1. This TRDP MOU may be amended only by the mutual written consent of the Participants. Any of the PAS under this TRDP MOU may be amended only by the written consent of authorized representatives of the Participants.

2. This TRDP MOU and any of its PAS may be terminated at any time by the mutual written consent of the Participants. In the event both Participants wish to terminate this MOU, the Participants will consult to ensure termination on the most economical and equitable terms.

3. Either Participant may terminate this MOU upon 180 days written notification to the other Participant. Such notice will be the subject of immediate consultation to decide upon the appropriate course of action. In the event of such termination, the following rules apply:

   a. The terminating Participant will continue participation, financial or otherwise, up to the effective date of termination.

   b. Each Participant will pay the costs it incurs as a result of termination.

   c. All Project Information and rights therein received under the provisions of this MOU prior to the termination will be retained by the Participants subject to the provisions of this MOU.

4. The respective rights and responsibilities of the Participants regarding SECTION VIII (Use and Disclosure of Information), SECTION IX (Controlled Information), SECTION XI (Security), and SECTION XII (Third Party Sales and Transfers) will continue notwithstanding termination or expiration of this MOU and any of its PAS.
5. This MOU consists of the Preamble, fifteen (15) Sections, and one Annex and will enter into effect from the date of signature of both Participants and, unless terminated or extended, will remain in effect for 25 years.
